

## **2018 INFORMATION FOR USC FOOTBALL SEASON TICKET HOLDERS IMPACTED BY CONSTRUCTION AT THE LA MEMORIAL COLISEUM**

Dear Season Ticket Holder,

Thank you for your loyal support of USC football. The support of devoted fans like you is integral to the success of our Athletic Department and directly supports all of our incredible student athletes. We certainly could not do it without you, and hope that we can count on your continued support for many years to come.

As you know we are about to break ground on the renovation and restoration of the Los Angeles Memorial Coliseum. The renovation places significant emphasis on improving and creating new amenities for all fans. For instance, we hope that you are enjoying the two new video boards and look forward to providing you with a brand new seat and WiFi among upcoming enhancements.

In order to successfully complete the renovation and restoration of the Coliseum on time, major construction of the Scholarship Club Tower will commence in January 2018. It will continue through the 2018 USC Football season and there will be an impact to some fans.

Please take a moment to view the Construction Zone map that shows the construction area for the 2018 season. Seats in rows 39 to 43 from section 3L to 11H AND seats within the construction fence line are all impacted.

**Based on your current seat location, your seats fall within the construction footprint and thus will not be available to you for the 2018 season.**

We understand the inconvenience this causes and we are doing our best to mitigate the impact for our Trojan Family. In appreciation, we will provide a concession gift card to every season ticket holder that is impacted and renews their season tickets for the 2018 season.

You will have the opportunity in the coming weeks to select your own seats for the 2018 season. To help you best understand the seating options available to you for the 2018 season, we will utilize an online seating process. In fact, if you have participated in our online seating relocation and upgrade process in the past you will already have some familiarity with the system.

The process to allow you to select new seats for the 2018 season will take place during the first few weeks of December. The number of impacted seats you have in 2018 is the same number

of seats you will be able to select during this process. Utilizing an online virtual 3D map, you will be able to view available seats outside of the construction zone, the sightlines they have, and self-select your seats for the 2018 season.

**Please note you will not be required to make any type of payment at this time.** This is simply to select your new seats for the 2018 season. You will receive renewal information, as per usual, in January 2018 that provides information on how to pay for your seats, with a deadline to make a payment of February 28.

As soon as we know your specific online selection date and time, you will be notified via several email communications.

Should you have additional questions please call us at 213-740-4672. We thank you in advance for your patience and working with us during this transitional season.

Fight On!
